

Where can I check how much it costs to change my ticket?

You can check how much it costs to change your ticket in the My Trips section of our site. There, go to “Ticket Change”, select your new travel date and you will see the final amount of the new trip.

If your ticket allows changes, the cost will depend on the fare you purchased (it could include a fee for making the change) and the difference in price between your original flight and the new one you choose.
