

**How do I change the name of a passenger on my ticket?**

You can change or correct the name on a reservation only once and you must do so by calling our Contact Center. Before you call, keep in mind:

You can do this only if you bought your ticket through LA INVENTADA and have not started your trip. For legal name changes and omission of last name or first name, you must submit supporting documentation that proves your name.

**[Only Chile] Right of Endorsement**

As a passenger, you have the option to freely transfer your ticket to another person, as long as:

- The ticket corresponds to a flight within Chile.
- The request for an endorsement is made up to 24 hours before the flight.
- The request for endorsement is made only between natural persons and only once for each passage.
- Go to Create a case with the Transfer of tickets to third parties category and fill in the required data.

In a calendar year, passengers may transfer their maximum ticket twice a year, using this right once a semester.

You can also make this request through the Contact Center or in person at LA INVENTADA Airlines Sales Offices and authorized agencies.
